

PeaceTrees VietNam

Healing the Land | Building Community | Planting Futures

PeaceTrees Vietnam was founded in 1995 to renew relationships with the people of Vietnam and promote a safe, healthy future for its children. Our work is focused in Quang Tri province, an area heavily impacted by the legacy of war. Over the last thirty five years, more than 10,800 people have been killed or maimed by landmines and unexploded ordnance.

In one out of every five cases, the victim is a child.

What We Do

- Sponsor the removal of landmines and unexploded ordnance (UXO)
- Provide mine risk education
- Tree planting and citizen diplomacy programs for environmental restoration and friendship building
- Support medical treatment, nutritional support, scholarships and micro-credit lending for UXO victims and their families
- Economic and social development projects

Our Progress

- 105,855+ ordnance items removed
- 43,850+ trees planted
- 795 participants on 61 citizen diplomacy trips
- Mine risk education provided for 85,850+ people
- 100 family homes, 12 libraries, 12 kindergartens and 2 community centers
- Assistance to 277+ UXO victims and their families
- 886+ acres of land cleared
